

DIAMOND DIG

Each year a tonne of sand is brought-in to create a make-shift diamond pit at Celebrity Tree Park. Three rare precious gems, plus a host of other treasures are secretly buried, and for a couple of hours at least, the town swarms with prospectors!

So if you're handy with a plastic, child-size shovel, don't mind getting a little dirty, and love the idea of bringing home a **highly-prized Argyle Diamond**, don't miss the 2009 Dig. A word of warning however, 700 people jumped on the digging frenzy in 2008 so we suggest you purchase your tickets early.

Prizes on offer in 2009 include:

Matching pair - 0.18ct and 0.19ct round Pink Champagne Equivalent (PCE) for earrings or side stones.

Round C5 0.55ct - a lovely champagne stone in a rich brown hue, perfect for a ring or pendant.

0.31ct PCE Oval - pink champagne stone, ideal as a ring or pendant.
